## PROBE OF U.S. MINISTER TO INVOLVE BRYAN

Secretary of State to Tell How and Why He Gave Sullivan His Job

Didn't Know Him—Just Took Word of New York Big Politicians, His Excuse

NEW YORK, Jan. 25.—Inquiry by the State Department into the official conduct of American Minister Sullivan at Santa Domingo will be transferred to Washington, according to Senator-elect Phelan of California, who is directing the government's probe.

The investigation hinges about the alleged activities of American contractors in Santo Domingo.

It is regarded probable that Secretary of State Bryan will testify in an effort to clear up testimony which tended to cast reflections on him.

It is reported he will declare he knew little of the minister, appointing him on the recommendation of Senator O'Gorman and District Attorney Whitman, now governor of New York.

## BOY DEAD AND MOTHER DYING OF MENINGITIS

Illness of Parent Comes While She is at Pest House Caring for Stricken Son

Spinal meningitis took away the life of James Langford, aged 10, at the County farm last night, and today the boy's mother is close to death's door through the same disease.

Although meningitis is a scourge of which science has much to learn, it is classed as a contagious disease. In the cases at the County Farm, the contagious character was emphasized.

A week ago last Sunday James was skating on roller skates. He fell and struck the base of his skull on the floor, and was rendered speechless for twenty minutes. That night he was sick, and told his mother that he had eaten a dozen oranges that he bought at a store.

On Wednesday he was taken to the County Hospital, and there Dr. Zaiser, the superintendent, had the patient isolated in the county's pest house.

The boy had been unconscious since Friday. On Friday the mother, who was at the pest house caring for her son, seemed to be feeling well. She ate a good meal at noon, and at 3:30 in the afternoon she was suddenly taken ill. A severe chill and rising temperature marked the beginning of the attack. She became unconscious at 6:15 Friday evening. There is little hope for her recovery.

## BIG CROWDS AT FINAL NIGHT OF SANTA ANA'S AUTO SHOW

Far exceeding the most sanguine expectations of the management and dealers, Saturday night's crowd at the Santa Ana auto show was the largest during any of the three nights of the exhibit and far greater than any ever seen at a show of like nature in Orange county.

Without a single exception the local dealers are enthusiastic over the great showing made at the big display. That it was a show to be proud of in every respect is the verdict not alone of the automobile men but of the hundreds who attended.

## NO ASYLUM BARS TO HOLD THAW PENDING HEARING OF TRIAL

NEW YORK, Jan. 25.—Harry K. Thaw will not be returned to Matteawan Asylum pending his trial on the charge of conspiracy in connection with his sensational escape from that institution. The State Supreme Court today denied the request of Deputy Attorney General William J. Jerome that Thaw be transferred from the Tombs prison to Matteawan.

## SAN DIEGO FAIR NOT CLOSED; IS PAYING

SAN DIEGO, Jan. 25.—Indignant over the reports that the exposition has been closed until March on account of lack of attendance, President Davidson issued a statement today declaring:

"The exposition has not closed since its opening and won't close at any time this year. Such reports are absolutely erroneous. The exposition to date is a financial success, the attendance exceeding all estimates."

## Excursion Planned From Santa Ana; Big Crowd

Boosting heartily for the big excursion to be run to San Diego February 6th from this county a Chamber of Commerce committee went to work this afternoon signing up all who care to visit the big southern exposition on Orange County Day. It is expected that between 300 and 400 Orange county boosters will go on the excursion.

A price of \$3.20 for the round trip will be charged by the railroad provided the 125 pledge themselves to go. These 125 names must all be in by next Monday evening.

If the 125 cannot be secured by Monday the regular rate of \$4 will be charged for the round trip. Names may be left with any member of the committee or with the Chamber of Commerce.

Those on the committee are James S. Smart, chairman; George W. Miner, J. A. Smiley, A. C. Tiede, J. P. Baumgartner, Frank P. Clarkson, L. J. Cardon, J. A. Cranston, F. T. Smith, D. Eymann, Huff, Mitt Phillips, J. R. Schooley and C. E. Utt.

Secretary Metzger of the Chamber of Commerce on his return from the meeting of Commercial Secretaries at San Diego said that the exposition was absolutely splendid.

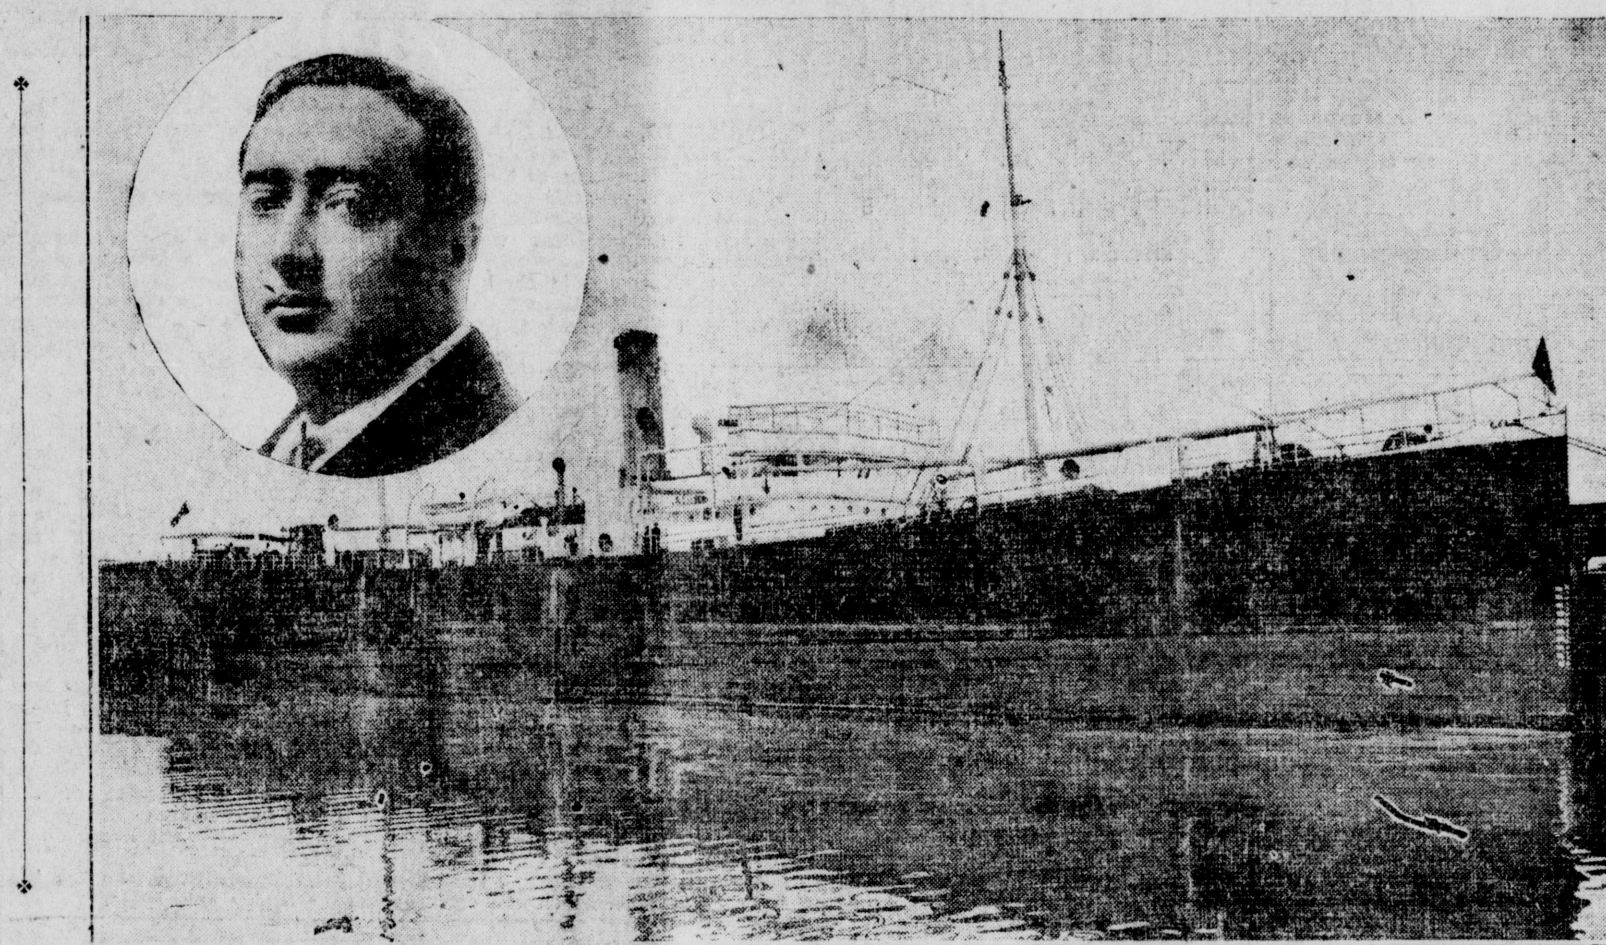

"No one should miss this opportunity to attend the exposition on Orange County Day," said Metzger. The special train will be run rain or shine, the members of the committee announce. The exposition committee will arrange for luncheon for the Orange county visitors.

**6000 STEEL WORKERS GIVEN STEADY POSITIONS**  
PITTSBURG, Jan. 25.—More than 6000 steel workers were given employment today when the Pittsburgh Steel Company's mills at Charleroi and Monessen resumed work.

**WATER IS PLENTIFUL**  
POMONA, Jan. 25.—The various annual meetings of water companies throughout this district during the past week or two have developed that there is a heavy supply of water in this district at present than in the past five years.

It served to help create a greater harmony of feeling. It tended to make the public better acquainted with the great scope of the automobile business in this city. One of the most interesting exhibits in the show was that of Towner & Hartley of North Syracuse street, this city. This firm makes a specialty of automobile repair work. They exhibited at the auto show the frame-work of the automobile which was wrecked against the coping of the Congregational church. At first the frame had been considered hopelessly beyond repair. Towner & Hartley repaired it, however, and it is now "as good as new."

## THIS IS THE STEAMSHIP DACIA, OVER WHICH UNITED STATES AND ENGLAND MAY CLASH

## PLAN SAFEGUARD FOR INITIATIVE AND RECALL

CAPITOL, SACRAMENTO, Jan. 25.—With the introduction in the House of the administration's measure making state officials non-partisan, so far as running for office is concerned, the final week of the first part of the 1915 legislature finds but one more administration measure forthcoming.

Senator Chandler is working today on a proposed law to safeguard the initiative, referendum and recall, to avoid the alleged frauds occurring in the initial attempt to operate these laws last year.

The Senate wants to get away Thursday. The Assembly will likely delay the adjournment until Saturday. While the number of bills introduced is far below that of last year, the coming week will probably see many presented, because after recess it will require a two-thirds vote in either house before a member can offer a bill.

Assemblyman Chamberlain of Los Angeles today introduced a resolution calling for an investigation by the legislature of charges that State Railroad Commissioners Harvey D. Loveland and Max Thiel violated their offices by owning stock in the International Mercantile Bond Company. He asks thorough investigation by a committee of three members from each house at a cost of \$2500.

**BLOW AT LABOR UNIONS**  
WASHINGTON, Jan. 25.—The right of a railway official to compel an employee to withdraw from a union, which was granted under the laws of Kansas, was upheld today by the United States Supreme Court, which reversed the decision of a Kansas Supreme Court and a lower tribunal which found T. B. Coppage guilty of coercion. Justices Holmes, Day and Hughes dissented.

## MOVIES HYPNOTIZE, DECLARES PREACHER

CLEVELAND, O., Jan. 25.—"Mental thrills caused by sensational motion pictures deteriorate the mind. Fifty per cent of moving picture films today hypnotize, demoralize and are emotionally dangerous. They incite and pervert emotions. Nothing in the films is normal; everything is accentuated." These are the views of the Rev. Hugh Birney of Cleveland.

**THE ORANGE MARKET**  
NEW YORK, Jan. 25.—Sixteen cars of navel and one of lemons sold. Oranges—Steady; no material changes. Lemons—Unchanged. Oranges—Average, \$1.62 to \$2.62. Highest—Robusta Navel—\$2.62. Weather—Rain; temperature, 23.

EDWARD N. BREITLING of New York and Chicago has raised the question of releasing ships owned by German lines which ran to the United States in a way which it is feared may cause trouble between the United States and Great Britain. The Hamburg American line, the North German Lloyd and others had many big and costly vessels—including the great Imperator—in American ports when the war broke out. Great Britain has taken the position that these ships could not be transferred to American owners and sent forth on the high seas.

Mr. Breitling claims to have bought the Dacia from the Hamburg American Line. He loaded her with cotton at Galveston. The State Department, having sounded the British government, has received an answer that the ship is still considered German. That means when she sails from Galveston on her way to Rotterdam she will be seized and confiscated, just as all German vessels have been driven from the seas by the British fleets. The administration at Washington is said to have determined that the vessel shall be considered American.

Mr. Breitling is reported to have ordered her to sail regardless of the British government. That will force the issue directly, and may mean trouble. The Dacia was to have left Galveston Saturday, but was detained by storm. It is understood a British cruiser is lying off Galveston awaiting her appearance.

## NINE PRECINCTS FOR THE CITY ELECTION

Ordinance Will Observe Present Ward Lines and Shove Precincts Together

The committee of the city trustees has reached a decision upon the terms of the ordinance that will name the boundaries for the precincts of the city. There will be nine voting precincts, and the present ward lines will remain unchanged.

The voting strength of the wards as they now are is as follows: Number 1, 839; No. 2, 1307; No. 3, 1396; No. 4, 1339; No. 5, 1356. Under the ordinance that will be up for passage tonight, No. 1 will be one voting precinct for the city election. The county's No. 3 precinct will be the city's No. 2, and the county's Nos. 4 and 5 will be the city's No. 3; the county's Nos. 6 and 7, the city's No. 4, and the county's No. 8 will be the city's No. 5. The county's Nos. 9 and 10 will be the city's No. 6; the county's Nos. 11 and 12 will be No. 7; the county's Nos. 13 and 15, will be No. 8 of the city, and No. 14 will be the city's No. 9.

## GOLF TOURNAMENT ON AT PALM BEACH

PALM BEACH, Fla., Jan. 25.—Palm Beach's annual golf tourney opened today during the height of the winter tourist season.

## FRANK PLEADING FOR A SPEEDY HEARING OF CASE

WASHINGTON, Jan. 25.—Counsel for Leo Frank of Atlanta, Ga., whose execution for the murder of Mary Phagan was stayed last week by the United States Supreme Court moved in the Supreme Court today that the case be advanced out of the regular order. An answer is expected Monday.

## JESS WILLARD COMES TO EL PASO TO TRAIN TO FIGHT BIG SMOKE

EL PASO, Tex., Jan. 25.—Accompanied by twenty-five trainers and helpers, Jess Willard arrived today to begin preparations for his 45-round fight for the world's heavyweight championship with Jack Johnson at Juarez, which is tentatively scheduled for March 6.

Willard went directly to his training camp at a ranch eight miles west of this city.

## WORK ON BUILDINGS AT FAIR COMPLETED

SAN FRANCISCO, Jan. 25.—Work on the Panama-Pacific Exposition's exhibit buildings is now completed. The last building to be finished was the steel-framed fire-proof Palace of Fine Arts. This building, in the form of an arc, is 1100 feet in length. It is situated on a large lagoon immediately west of the main group of palaces, and it is regarded as the handsomest building on the grounds. It cost about \$500,000.

## UNIVERSITY HELPS FARMER'S WIFE, TOO

MOSCOW, Idaho, Jan. 25.—The farmer and his wife are students of the University of Idaho today at the annual "Farmers and Housekeepers' Conference." He will study problems of dairying, horticulture, poultry and bee raising; she will study culinary art and meat cutting.

## SEA JITNEY IS THE LATEST

SANTA BARBARA, Jan. 25.—The sea jitney is the latest innovation announced for the Santa Barbara channel. Captain Vasquez of the launch Otter made public today plans for a speedy launch which will ply between Santa Barbara and Santa Cruz Islands cutting down the time by half an hour, and the fare by 150 per cent.

## JOHN D. JR. IS FOR UNIONS ---IF GOOD

That Is, They're Good if They Permit the 'Open Shop,' Leave Worker 'Free'

NEW YORK, Jan. 25.—Testifying before the Federal Relations Commission today, John D. Rockefeller, Jr., espoused the cause of "good unions" but limited his approval to unions which permitted the open shop.

He believes, he says, that it is as proper and advantageous for labor to associate itself into organized groups for the advancement of legitimate interests as for capital to combine with the same object. Such associations manifest themselves in an effort to secure better working and living conditions and provide the machinery for settling grievances.

He said, however, that workers must be free to join or be independent as they wish.

He declared combinations of both labor and capital were sometimes conducted unworthily.

Rockefeller said he believed the ultimate object of all activities in the republic should be the development of manhood in its citizens and that industrial enterprises can and should be carried on these principles.

"The welfare of employees should be constantly in mind," he said, "and profits at times should be subordinate to this. If fair wages and reasonable living conditions cannot otherwise be secured, dividends must be deferred or the industry abandoned."

Many central office detectives swarmed about the room and corridors while Rockefeller testified. The room was crowded and great interest was paid to his testimony.

## HAPPY MURDERER TO DIE THIS WEEK

OSSINING, N. Y., Jan. 25.—Unless granted a reprieve, Joseph Ferri, the murderer with nerves of steel, will die in the electric chair at Sing Sing prison some morning this week. Ferri shook hands with the district attorney who prosecuted him, waved to his friends and shouted "Good-bye, everybody" when led from the courtroom.

## NEW RECORD IN LEMON PROFITS

SAN DIMAS, Jan. 25.—Receipts from lemons shipped out during the first quarter of the new fiscal year by the San Dimas Lemon Growers' Association were the largest for any similar period in the history of the association, and the outlook for the future exceptionally bright.

## BRITISH FLIER REPORTED TO HAVE RAIDED BIG AUTO WORKS

AMSTERDAM, Jan. 25.—The Handelsblad, a newspaper, asserts that today that the Krupp automobile works and 400 newly-finished machines at Essen, Germany, were destroyed by bombs dropped a week ago by British aviators.

PETROGRAD, Jan. 25.—A brilliant Russian victory in Southern Poland and development of a Russian offensive menacing Lodz, is announced by the war office this afternoon.

It is declared the German advance toward Ivanogrod has been repulsed with heavy losses. Ivanogrod is the main fortress protecting Warsaw from the south.

The claim is made that the Russians have re-occupied Kielce, driving the invaders back twenty to thirty miles along the forty-mile front to the Pilica river.

It is also asserted the Russian offensive in Northern Poland continues vigorously.

WASHINGTON, Jan. 25.—Germany has protested formally against the manufacture of hydro-aeroplanes in America for England and Russia.

LONDON, Jan. 25.—There is a growing conviction that the German losses in yesterday's naval battle were greater than reported.

Holland dispatches say a four-funnelled German cruiser was sighted today badly damaged and going at half speed toward German waters.

The admiral is silent after the first statement announcing the sinking of the Blucher. Exhilaration is evident throughout England.

BERLIN (by wireless to London), Jan. 25.—That one British cruiser was sunk in the battle in the North Sea yesterday is declared here today. It is admitted that the German armored cruiser Blucher was sunk. It is claimed that other German vessels involved returned to their base without serious damage.

An official statement declares that "the British discontinued the engagement seventy miles west by northwest of Heligoland," and said the Germans were hopelessly outnumbered.

PARIS, Jan. 25.—Pontoon bridges thrown across the Meuse by the Germans at St. Mihiel, were today blown up by the French. The German guns shelled the French batteries for hours, failing to silence them. The French then brought up additional artillery, and during the ensuing exchanges shells fell in St. Mihiel, causing losses among the German occupants.

Except for this fighting and for a small French gain east of Saint George no changes in the western battle zone are announced.

A fox is interfering with operations on the Vosges in lower Alsace. There is intermittent cannonading from the Oise to the Lys.

BERLIN (by wireless to Sarville), Jan. 25.—French efforts to advance in lower Alsace have been repulsed with heavy losses, according to a statement by the war office this afternoon.

German artillery halted a French charge at another point, 400 Frenchmen meeting death and many others being captured.

Elsewhere in the west, particularly at Neuport and Ypres, heavy artillery engagements are reported in progress.

VIENNA (via Rome), Jan. 25.—The Austrian government asserts the Austrians have directed a new general offensive move against the Russians along the entire battle front.

LONDON, Jan. 25.—There is great activity at Kiel and other German bases according to continental dispatches here. Some interpret it to mean the Germans are planning a new important naval movement. Others believe the Kaiser expects a British raid. There are no further reports tonight concerning yesterday's North Sea battle.

### CITY RECORDER'S REMOVAL AT AN END

Aftermath of Liquor Trial Has an Inning Before the Beach City Board

HUNTINGTON BEACH, Jan. 25.—An echo of the trial of the Vista Del Mar liquor selling case was heard in the meeting of the city trustees last week. City Recorder S. A. Moore asked to have definite action taken on the petition which had been presented asking for his removal as city recorder. The petition had previously been brought in by those who contended that his decision had been unfair in the case. The petition was therefore brought up and all of the trustees except President E. E. French voted to file the petition and sustain

### TRYING NERVE NOT MURDER

Sheriff Ready for Desperate Chase When Telephone Says There's Nothing to It

Somebody's nerve had an awful shock at San Juan Capistrano last night. For a time it looked as though there was at hand the coldest, bloodiest murder in the 144 years that San Juan Capistrano has been on the map. Two men rushed into the village last night. Apparently their hats were about an inch and a half higher than usual, raised to that altitude through the process of having their hair stand on end.

They said they and one other man were walking along the road when suddenly from above the weeds beside the road rose the heads and shoulders of desperadoes. With never a word of "How-de-do" the murderers levelled rifles and blazed away. One of the three men seized the exterior of his chest, staggered and fell to the ground dead. His companions fled for town.

It was about 8:30 o'clock when Sheriff Jackson got a long distance message from San Juan Capistrano. The man at the other end was thoroughly excited. He said there had been a bloody murder. The details as outlined above were given the sheriff, who switched his cigar from one side of his mouth to the other, blew a couple of reams of smoke, and continued to listen.

"Come on down," said the man doing the phoning. "Come as quick as you can. We know the man was murdered, and we are afraid to go out and get him."

"All right, I'll be there as quick as I can get there," responded the sheriff.

He hung up the phone, and was preparing to start for the scene of crime when another long distance message came from the mission town. The spokesman was calm.

"Say, Jack," he said, "don't bother to come down here. There's nothing doing. There's been no murder. It was a put-up job to try out somebody's nerve, that's all."

The sheriff does not know whose nerve it was that was jolted.

### IS QUICKLY SETTLED OVER THE TELEPHONE

Last night about 9 o'clock Sheriff Jackson was called on to give instructions to his deputy at Seal Beach. P. A. Stanton, well known Republican politician and founder of Bay City, now Seal Beach, owns the Seal Beach Inn, which was leased to a Los Angeles woman. The woman had the place furnished with her own furniture.

Jackson instructed his deputy that the removal of the furniture should not be allowed, and that the transferment should be arrested if they made the attempt. That put a quietus on the removal, and an adjustment of the renter and the landlord is scheduled for consideration today.

### COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores its Thickness and Lustre at Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

### SENATOR ANDERSON HOLDS IMPORTANT POSITION AT THE STATE LEGISLATURE

(Special to the Register)

SACRAMENTO, Jan. 25.—State Senator John N. Anderson of Santa Ana is recognized as one of the leaders of the Senate, and this session he is more than maintaining his reputation for being the hardest working senator at the capitol.

With his experience in three previous legislatures, the Orange county man has been selected for important duties. Lieutenant-Governor Eschleman, who was in the legislature with Senator Anderson in 1907, named him as chairman of the committee on education, which is ranked as the third most important committee of the Senate.

This committee is of especial importance this session for the reason that the new State Board of Education has been making a careful examination of the school law, and has submitted a number of important measures, which have been put into Senator Anderson's hands to handle.

The senator has the distinction of introducing the first bill introduced into the Legislature this session. It is characteristic of the senator that his first thought was for the preservation and protection of agricultural and horticultural interests. His first bill is for the protection of the date industry of Imperial Valley.

Since much of the work of the Legislature is done in committees, Senator Anderson's positions on the com-

mittees on agriculture, elections, irrigation, judiciary, public morals, rules and drainage, swamp and overflowed lands, give him an excellent place in the Legislature.

Senator Anderson was put on the special committee to investigate the Grant-Wolfe election contest, which already has called for three preliminary meetings, and two public hearings in San Francisco, when over sixty witnesses were examined on an allegation of forgery on the recall petition.

A resolution that Senator Anderson introduced in the Senate at the beginning of the session provides for the cutting down of the practice of introducing companion bills. The members all admitted that its contents were practical and economical, but after consultation of the leaders of both houses, it was thought better not to bring it to a vote at this session, for if it should pass some would govern themselves according to its contents and others would not, but it may lead to a change in the rules of the Legislature, and state Constitution relating to that matter. Senator Anderson declares that the constitution never intended that the introduction of the same bill in both houses should be generally exercised as it has been in the past in this state.

The senator is a man who has the confidence of his colleagues.

### CAMP MEETING GROUNDS HELD NOT EXEMPTED FROM TAXES

Inquiry by Rev. Shauer, pastor of the German Evangelical church, situated at the corner of Tenth and Main streets, this morning brought forth the information from the city authorities that the German Evangelical's gum grove at the northwest corner of the city is not exempted from taxation.

The grove comprises three acres set to eucalyptus. Rev. Shauer explained that the church makes no other use of the property than for camp meetings. While trees are growing upon it, the land is kept merely for the one purpose.

### BREA DANCE BRINGS A BUCKET OF BLOOD

Nick Carter's bucket of blood was a small-sized bucket compared to one that was needed at Brea Saturday night.

It was along about midnight that Sheriff Jackson and Under Sheriff Iman left their shelters on a telephone message that there was trouble at Brea. The message was to the effect that there had been six or eight fights at a dance that was in progress as a result of the visit of roughs who had visited the place for the fun of creating a disturbance.

The visitors had word that the sheriff was on the way, and before he arrived the gang had vanquished. The dance did not meet, however, that Jackson and Iman are through with the case. From what they learned there was disturbance enough on hand to occupy a police court's attention for some hours.

One man who was mixed up in a fight was knocked through a plate glass window. He is the man who spilled blood. One arm and hand were so badly cut that it required twenty stitches to close the wounds.

The burglar entered the pavilion by forcing a small lock from a gate and confined his attentions to the confectionery stand and a ping-pong establishment conducted by a Japanese.

This Santa Ana man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

F. L. Sexton, retired farmer, 1129 W. Second St., Santa Ana, says: "Off and on I was troubled by a dull pain in the small of my back. I thought the complaint was due to disordered kidneys. When I saw Doan's Kidney Pills recommended, I tried them. I soon got relief. Another of my family has also had splendid results from Doan's Kidney Pills. They relieved her of backache just as quickly as they did me. I haven't had any need of Doan's Kidney Pills since I first used them. I take pleasure in confirming the endorsement I have given Doan's Kidney Pills several years ago.

NEWPORT BEACH, Jan. 25.—A thief with peculiar tastes entered the Balboa pavilion before daylight yesterday. He had many articles at his disposal, but made a selection of several small bottles of a soda pop and grape juice and of Chinese coins weighing several pounds and worth about 1 cent a pound.

The burglar entered the pavilion by forcing a small lock from a gate and confined his attentions to the confectionery stand and a ping-pong establishment conducted by a Japanese.

## A HAPPY CHILD IN JUST A FEW HOURS

If Cross, Feverish, Constipated, Give 'California Syrup of Figs'

Mothers can rest easy after giving 'California Syrup of Figs,' because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious 'fruit laxative.' Children love it, and it can not cause injury. No difference what all your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle 'inside cleansing' should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of 'California Syrup of Figs,' then look carefully and see that it is made by the 'California Fig Syrup Company.' We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

## RAIN HOLDS NO TERRORS FOR TRAMPERS

Nearly Forty Bold Hikers Brave Showers on Climb Up Saddleback

## DESPITE DAMPNESS TRIP IS SUCCESS

Plenty of 'Eats' and Bonfires Serve to Keep Party Comfortable

The weather on Friday morning looked so threatening that the trip to Old Saddleback for Saturday was postponed, but when Saturday morning arrived so fair it was decided to make the trip anyway. All who had planned to take the trip were strong for it on Saturday and several others made up their minds to go, making a party of nearly forty persons.

Leaving the Athletic Club about 2:30 o'clock in the afternoon the truck and a jolly bunch left for the Joplin ranch at the foot of the trail, and where camp was made for the night. George Reilly and R. R. Foley in the latter's truck took the 'eats' and a big load of bedding, baggage and supplies ahead of the truck and camp was well under way by the time the truck arrived, thanks to the generous help of Mr. and Mrs. S. E. Babson who also preceded the truck.

The truck arrived at 6 o'clock and at once made ready for the night. A fine steak roast with the proper trimmings, potato chips, olives, pickles, bread, butter, coffee, onions, apples and marshmallows, constituted the repast. The 'feed' was a good one and the amount of steak and other eatables gotten away with would have done credit to a small hotel.

After the dinner all had a good time around the camp fire where everything from a general rough-house to a football game was indulged in. The night was a great one, but the sleep that was measured out to the campers was small.

Breakfast Sunday morning was served promptly at 6 and at 7 o'clock the hikers started on their tramp amid clouds, rain and under very unsatisfactory conditions. All but six or seven started on the trip. These all reached the top with the exception of four, who gave up the tramp on account of the rain. John Jacobs and John Wilcox were lost for more than an hour when they took the wrong trail and proceeded toward the old mine.

Regardless of the weather conditions, which were rather wet, the hikers all had a great time and returned from the trip without complaint. On top of Saddleback sham battles with snow balls as ammunition were indulged in freely. More than eighteen inches of snow furnished the combatants with an ample supply of ammunition.

The return trip was made through a continual drizzle, which pretty well soaked all before they reached the foot of the trail. Here they built a big fire and in a short time all were well dried out. The hikers were forced to make an additional two-mile tramp, as the machine had to go over the Trabuco grade before the road became too wet.

All were ready for the return trip by 4:30 o'clock and after a very slippery grind reached Santa Ana about 7:30. The homeward journey was made between showers, a lucky proposition for the hikers.

These trips, which are arranged for by R. R. Foley, Athletic Club athletic director, are open to all and information concerning them can be had at any time. Trips yet to be taken will be Wilson, Baldy, the Tom Doyle ranch in Santiago canyon and one of the beach resorts.

Those who composed the party were Mesdames H. T. Rutherford, L. E. Babson, Robert Bunch, W. Drury, William Adams; Misses Edith Adams, Jess Barrett, Pearl McGill, Juliet McGill, Corine Larson, Anna Young, Winifred James, Mary Shrewsbury, Clara Willits, Harriet, Rutherford, Myrtle Rutherford, Zoe Vanderlip, Bohannon, Alice Wasser, Esther Swedell, and Kaufman; Messrs. S. E. Babson, Prof. H. O. Egan, Geo. L. Reilly, Fay Wright, A. W. Pease, Vern Smith, Otto Jacobs, Harold Brown, William Wagner, George Wright, Dean Collier, John Jacobs, John Wilcox, Hugh Gale, R. R. Foley and Stansbury.

If MEALS HIT BACK AND STOMACH SOURS

'Pape's' Diapepsin Ends Stomach Misery, Indigestion in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

**HIGHWAY MAINTENANCE**

Some of the most important questions to be decided by the legislature now in session and the supervisors of the counties of the state are those relating to the method of maintenance of state and county highways.

An attempt is being made, in a bill presented to the legislature by Assemblyman Scott of Visalia, to organize the office of the state engineer so that it will have charge of all the roads of the state, instead of leaving them to the individual counties. A bill was proposed last session giving the counties the power of employing highway engineers. This agitation emphasizes the fact that the state lawmakers are working out plans for the state, and that such a development will probably come in Orange as well as other counties.

The San Francisco Chronicle says of the proposed law:

"Assemblyman Scott of Visalia proposes to create in the office of the state engineer a county highway division, headed by an assistant engineer, at a salary of \$4500, and, it may be safely assumed, a considerable subordinate staff.

"Under the supervision of this functionary, there are to be county highway engineers, with salaries not exceeding \$4000, who are to attend to the county road building. All plans for new work, however, prepared by the \$4000 engineer on the spot, must be approved by the \$4500 engineer at Sacramento.

"The money to pay the county highway engineers is to be wrenched out of that portion of the motor car tax which is now at the disposal of the county supervisors for actual construction.

"The proposal is, doubtless, in the line of 'progress' as generally understood by that cult, the essence of which is that the federal government shall expropriate the functions of the states, the states expropriate the functions of local government, and all unite in the expropriation of the functions of individuals.

"The fundamental question is, whether, upon the whole, it is for the general welfare to impair local competence by the disuse of local function—to take away local responsibility for the expenditure of local revenue and concentrate authority in state and national governments.

"The reason alleged for placing county roads under state authority is that there is a waste in local administration.

"Doubtless, there is waste, but there is less and less every year. No others are so interested in good local roads as the people of the communities which they traverse. No others are so eager to have road money wisely expended. None are more competent to judge of alignments and grades, to construct ordinary drainage, or culverts. As a rule, they are familiar with the qualities of local road material.

"Now, county road building and bridge construction are under the direction of the county surveyors, many of whom are competent road engineers, which might well be a qualification for that office. In very important work, an outside engineer may very properly be called in. All the data assembled by the state is available to all these officials. The state highways in each county are object lessons, teaching what to do, or avoid.

"In the practice of such an art, the general public will learn much more slowly than the specialists, and, as they learn to do by doing, there will be inevitable waste.

"But the question is, whether this loss by waste is not far more than compensated by the general diffusion of information and especially by the maintenance of the sturdy self-reliance and feeling of responsibility of the masses of the people, which has hitherto been the distinguishing characteristic of the American people.

"And, moreover, it is always prudent when the creation of new offices is proposed to inquire whether the original suggestion and possibly the draft of the bill did not come from some one who hopes to get the office."

**IN "OUR" MOUNTAINS**

The San Bernardino Mountains are "our mountains" just as they are "ours" to any other part of Southern California; but they are ours especially as being the source of our main water supply. Therefore the progress of reforestation in these mountains is of great interest and importance to all Orange county.

The following is issued by the Forest Service of the Department of Agriculture on Mountain Reforestation:

In 1912 and 1913, about 10,000 trees were planted in the San Bernardino mountains. The results of this work are very encouraging, say the government experts, there being a better percentage of living trees from this work than has been secured in any previous planting. The planting has been concentrated largely on three native species, the Jeffrey and western yellow pines and the incense cedar. Of the yellow pine, 4200 trees have been set out, 4000 Jeffrey pines, and 1400 incense cedars. Fifty-five per cent of the total number of trees are living, 67 per cent of the yellow pine being alive, 58 per cent of the Jeffrey pine, and 40 per cent of the cedar.

In trying to solve the problem of what to plant, trees ranging from a few months up to four years have been tried, and it has been found that the best results follow planting of trees two years old. It has also been discovered that the planting done in the fall gives twice the results of planting done in the spring, which is followed so closely by the dry season. The planting of Austrian pine, sugar pine and cedar cedar has been abandoned because of the poor showing the trees make in the brush.

The rodent problem has been thoroughly studied by members of the Biological Survey working under the direction of the forestry men. Pack rats destroy more trees than the rabbits it is reported and are the hardest animals to eradicate successfully. A study of thirty acres of chaparral showed that there were twenty-five rats to the acre, and in one nest which was destroyed, nearly 2000 acorns were found. Among other things found in their nests were nails, telephone insulators, a hind leg of a jack rabbit and the tail of a tree squirrel.

**STATEMENT BY LIEUTENANT GOVERNOR JOHN M. ESHLEMAN**

Up to this time I have refrained from taking any part in the controversy concerning the affairs of the International Mercantile & Bond Company. Up to this time the acts of two members of the commission as individuals alone have been involved. However, this morning in the San Francisco Chronicle appears an interview with W. H. Metson, whose reputation among members of the legal profession is well known. In this interview with Mr. Metson appears for the first time a direct attack upon the California Railroad Commission as an institution. Now that the commission is attacked as an institution for something done while I was president of it, I not only feel that it is proper but that it is my duty to speak.

Metson refers to the Stockton rate case. That case was heard by me personally. The decision was written by me personally. I personally take full responsibility for that decision. I am certain every reputable attorney acquainted with the facts knows the decision to have been just. Furthermore, Metson appealed to the supreme court, and the supreme court held exactly as the railroad commission had held. Before I leave the present phase of this matter, let me again accentuate the fact that I am personally responsible for the decision in question and that no one dares to assert or even insinuate any connection whatever, direct or indirect, between the International Mercantile & Bond Company and myself. I desire to warn the public at this time that the present situation affords an opportunity for every corrupt interest that has been disciplined within the last four years by the California Railroad Commission to attempt to besmirch that commission.

The facts in this Stockton rate case were very clear and I have had no case before me in which I am surer of my ground. Since Mr. Metson knows all the facts in the case, I have no hesitation in saying that not only was his statement regarding it false but he knew it was false when he made it.

**Letter From the Seat of War**  
[Staff Correspondence of the United Press]  
LONDON, Dec. 28.—(By mail to New York)—Hustling methods were expected from the members of the Canadian contingent now completing their training on Salisbury Plain, but even his comrades admit that Private Victor Albert Baker was "going some" in providing himself with a wife in six weeks. The more so that the bride is a Belgian refugee, whose very slight knowledge of English was acquired in that period, while Baker still has no French.

Baker, who is 23 years of age, was an engineer on the Canadian Pacific railway, and threw up his job to join the Canadian army at the outbreak of the war. His father is also a member of the contingent. Six weeks ago another Canadian soldier introduced young Baker to his cousin, a Belgian girl of twenty, who has been compelled to flee from Antwerp, when the city was besieged by the Germans. Bertha Vendon Bosch had been a clerk in one of the big hotels, and when she came to England she was practically penniless. That didn't worry Baker who prides himself on

like the bridegroom, and the bride's uncle and aunt, both of whom are Belgian refugees. Bertha's father and mother are stranded somewhere on the continent so know nothing of their daughter's romance.

The mayors of Camberwell attended the wedding breakfast, at which one of the guests offered the bride and bridegroom some amusing advice: "If you don't learn each other's language, you will be the happiest man and wife in the world."

Mrs. Baker is to go to the home of her husband's parents in Canada, to await his return from the war.

"A" Division, Metropolitan Police, which formerly had the exclusive privilege of guarding the royal palaces—Buckingham Palace in particular, has lost its monopoly, for, somewhat to the disgust of "Bobby," the "regulars" have been reinforced by a strong detachment of "special constables." These "specials" are no ordinary volunteer police, for they include peers of the realm, members of the House of Commons, and over 200 barristers, doctors, actors, stockbrokers, etc.

Lord Claud Hamilton, M. P., is in command, and the "Headquarters Detachment of the Metropolitan Special Constabulary," muster 600 strong. The members perform police duties voluntarily, and give a certain number of hours each week. They wear ordinary civilian clothes, with an armband, and carry a truncheon and whistle. No revolvers are allowed.

When the "special police" were first enrolled a "Headquarters" detachment was formed, and the men proved themselves so useful that the majority were taken over by the Admiralty, to work the searchlights and anti-airship guns which were mounted, in various parts of London, while others were attached to the detective force. For the new body just formed for palace guard and other important work of a highly confidential nature, only 600 were needed, but there were over 1000 volunteers. 230 of the disappointed ones were given commissions in the army and navy.

## C. E. SECRETARY LEAVES

Splendid Services Conducted by Paul C. Brown, Close Last Evening

Three fine services yesterday in the First Presbyterian Church closed the series that was being conducted there by Paul C. Brown, field secretary of the California Christian Endeavor Union.

In spite of the drizzling rain, nearly a hundred Junior Endeavorers from all parts of the county gathered for their rally in the afternoon. Miss Mabel Culter of El Modena, who is the State C. E. Junior field secretary, talked to them of what it means to be a Christian, and some of the things they should do to live that kind of a life.

At the same time, the Intermediate Endeavorers of the county met for their rally, and the auditorium was well filled with young people from the various high schools of the county. Mr. Brown addressed this meeting. At 4 o'clock the boys and girls separated, and were led by Mr. Brown and Miss Culter in conference on "Living a Clean Life." Frank discussions were opened regarding the temptations that come to boys and girls, and how to meet them. This is one of the finest features in the program of Christian Endeavor work in California—the teaching of boys and girls how to keep out of bad habits and vice, under the theory that "an ounce of prevention is worth a pound of cure."

A packed house greeted Mr. Brown in the evening. A splendid rally of the Young People's Societies was held at 6 o'clock, using the theme, "Life That Overcometh," which directly led up to Mr. Brown's topic, "The Victorious Life." A big chorus of Christian Endeavorers was especially trained by Mr. Peckham and gave that wonderful song, "A Friend in the Homeland," which created so much comment at the International C. E. convention in Los Angeles.

Mr. Brown expressed his appreciation of the work of the Christian Endeavor society of the church which had so well planned and advertised the meetings, and which had borne all expenses of the speaker and singers. And in return he received a hearty "God bless you," and the testimony of a hundred young people that the meetings had proved a blessing to them.

Mr. Brown goes to Los Angeles city for a two weeks' campaign among the Intermediate Endeavorers there, and then goes north. Mr. Peckham, who proved a power in the song services of the meetings, is the musical director at the bible institute of Los Angeles. He has given his promise to take charge of the praise services of the coming state C. E. convention at San Diego, June 26 to 30, and this will prove good news to the young people of this city and county.

**O. P. Q. Club Entertained**—Mrs. Fred Chapman delightfully entertained the members of the O. P. Q. Club, Friday afternoon, at her pretty Ross Street home.

Roses, geraniums and greenery added charm to the cozy rooms where the afternoon guests held a merry session at "Forty-Two." Mesdames Miller and W. A. Lowman held high score at the close of the lively games, their rewards being a popular book and a box of pretty stationery. Mrs. Will Cubbion of Balboa was a guest of the club and among the members present were Mesdames N. H. Cox,

Charles Winans, G. B. Darnell, Frank Cannon, Miller, W. H. Elliott, H. O. Garlock, D. B. Horton, W. A. Lowman and F. L. Norton.

Mrs. N. H. Cox will entertain this club at its next meeting.

**W. C. T. U. Meeting**—The W. C. T. U. will meet on Tuesday at 2:30 at the home of Mrs. F. H. McElree, 608 Ross street. This is to be a mothers' meeting and a most interesting program will be arranged. A special invitation is given to all young mothers as these meetings are of much interest to them. Bring your babies. The members are urged to be present as there is business of importance. All are cordially invited.

**Attends Luncheon**—R. L. Bisby, of Santa Ana, president of the Pacific Coast Advertising Men's Association, is chairman at the luncheon today of the members of the Los Angeles Ad Club at Hotel Clark, Los Angeles. Among the speakers scheduled are Gen. M. H. Sherman, the first president of the Los Angeles Pacific Railway, the forerunner of the great Pacific Electric system, who will tell reminiscences of early Los Angeles; W. R. Morehouse of the German-American Trust and Savings Bank, and Attorney Earl Rogers.

**To Meet With Mrs. Morrow**—The Philatelic class of the First Presbyterian Church will meet tomorrow night at the home of Mrs. J. G. Morrow to begin their new work. Friday evening the girls will hold a social in their classrooms at 7:30 and every member of the class is urged to attend both affairs.

**Monday Club**—The regular meeting of the Monday Club will be held this evening at Library hall. The paper of the evening will be given by D. G. Cole on the subject of "Taxation." This subject will be given in place of the one announced in the printed program. A vacancy in the membership is to be filled this evening and a full attendance of the members is urged.

**Tustin Economics to Meet**—A meeting of the Tustin Household Economics Section will be held Wednesday afternoon at the home of Miss Minnie C. Childs.

Miss Childs and Mrs. H. Romer will entertain the club, and the subject of the afternoon study will be "Gardening."

**Completed Assignments**—An enthusiastic meeting was held yesterday at the First Christian church, when assignments were completed for the county Sunday school house-to-house canvass. All churches were well represented.

The sub-districts were all assigned to canvassers and everything is in readiness for the visitation Saturday morning.

Further information will be given later.

**Loan Made to Auto Class**—The Santa Ana Polytechnic night school, through the courtesy of Waffle & West, have been loaned a complete Chalmers chassis, which will be used Monday and Tuesday evenings this week in the automobile class.

**Flag Presented by W. R. C.**—Sunday afternoon at the Second Methodist church, south of Poly high, a very interesting and beautiful service was held. Preceding the Sunday school the following short program was given:

"My Prayer" was sung by Stella Ludwig, Lillie Post and Emma Chapman, after which the flag was presented; by Stella Ludwig, the patriotic instructor of the W. R. C., the presentation being made in well chosen words. The superintendent, George Barrows, accepted it with great appreciation, in behalf of the church and Sunday school. Alice Yount, the president of the W. R. C., gave a short talk, closing with the singing of "The Star Spangled Banner." Winnie Biggs sang a solo and all joined in the chorus. Grace Moesser accompanied the soloist.

Owing to the inclemency of the weather, there was not a very large attendance. After this service a well delivered sermon by Mr. George Trotter was enjoyed.

**Junior Bible Class**—The Junior Bible Class of the First Congregational church will hold their monthly social on Tuesday night, January 26, at the home of C. S. Crookshaw, 410 French street.

All members and friends of the class are invited to join in the good time.

**C. & C. Wet Wash Laundry**, Something new. 50 pieces 50c. Sunset 104.

## SYCAMORE INSTALLATION

Mrs. Maude Bolton and Suite of Installing Officers Have Charge of Services

Mrs. Maude Bolton, accompanied by her suite of installing officers from Huntington Beach, visited the Sycamore Rebekah Lodge Saturday evening, coming to have charge of the installation services.

The ceremony was most impressive and was exceedingly well conducted. Following are the officers who were installed:

A. P. G.—Lila Rudbeck.  
Noble Grand—Mida Branson.  
Vice Grand—Lulu Davis.  
Recording Secretary—May Curtis.  
Financial Secretary—Alice Whitney.  
Treasurer—Effie Wilkinson.  
Right Support to Noble Grand—Hattie Peters.  
Left Support to Noble Grand—Fannie Rose.

Left Support to Vice Grand—Mary Woodruff.  
Chaplain—India Cozad.  
Inside Guardian—Ormantha Bird.  
Outside Guardian—Violet Morgan.  
Right Altar Supporter—Sarah House.  
Left Altar Supporter—Mamie Zimmermann.

Eanner Bearers—Euloh Cozad, Eleanor Adams, Hazel Clark, Bessie McDannald.  
Musicians—Katherine Clark.  
Drill Master—W. J. Cozad.  
After the installation services, the district deputy presented the retiring Noble Grand, Lila Rudbeck, with a Past Grand pin, and for this courtesy Mrs. Rudbeck charmingly thanked the organization.

The Sycamore balloted on three new names, for membership, and a delightful social hour followed, during which scalloped oysters, olives, hot rolls and coffee were served at the banquet tables, beautifully decorated with roses and greenery.

**Japanese C. E. Social**—The Christian Endeavor Society of the First Congregational church, held a delightful social at the home of Misses Clara and Mabel Wiseman, 817 Lacy street.

The home had been transformed into a veritable land of the cherry blossoms with strands of wisteria, bamboo and gay Japanese lanterns.  
Rev. Ban and his wife, accompanied by four Japanese members of the local church, were special guests of the society and added much to the pleasure of the young people by teaching them several entertaining Japanese games. Mrs. Ban was charming in her native dress and entered into the fascinating games with great enthusiasm. Japanese wafers, tea and candy were served during the merry social hours enjoyed by a guest company of fifty.

**Birthday Celebration**—The natal day of John Michelson of North Bush street was pleasantly celebrated on Friday evening by a dinner party attended by twenty-two of his relatives and friends.  
Fragrant red carnations centered the attractive table where a sumptuous meal was served.  
Conversation whiled away the evening hours, during which the honoree was showered with appropriate gifts and congratulations.

## AMUSEMENTS

**Temple Theater**—A new epoch in the advancement of the motion picture, marked by Charles Frohman's initial film offering to the motion picture public, "The Conspiracy," a detective comedy-drama of modern New York. The production is unusually thrilling and amusing. John Emerson portrays the role of Windrop Clavering, the eccentric author of crime stories and solver of mysteries. Intertwined with the mysterious and baffling crime that is the basic element of the theme is a pretty and tender romance that softens the sterner dramatic note of the play. Included in the unusually important supporting cast is Lois Meredith, who has recently won individual stage distinction as a star in the current dramatic success, "Help Wanted."

"The Conspiracy" is a detective comedy-drama of thrills and laughs and will be shown at the Temple Theater today and tomorrow, only.

**At the Lyric Theater**—Hugh Conway's "Called Back," in four reels, showing the futility of trying to avoid the penalty of sin, and of how the sixth sense proved to be of the avenger, will be presented at the Lyric Theater on Tuesday and Wednesday of this week.

Hugh Conway, the well known novelist, is the author of the story, a story which has a tremendous appeal. For his theme he has taken the fight for Italy's freedom, and woven around it a beautiful love tale, permeated with mystery and tragedy. This book, "Called Back," has been read by almost every thinking man in America and Europe. With the handsome Herbert Rawlinson and beautiful Anna Little playing the leading roles, a wonderfully realistic film in four reels has been produced. Those who have traveled in foreign parts will understand the perfection of detail which characterizes the picture. The English color, the Russian streets and interiors taken in other parts of the continent are little short of marvelous.

Tonight (Monday) King Baggot is being featured in Hal Reid's famous novel, "Human Hearts," in three reels and Grace Cunard takes the lead in the "Mysterious Rose," an interesting detective drama in two parts.

## A LIVE SPORT LETTER

By Hal Sheridan

**NEW YORK**—Jess Willard may grab the championship crown from Jack Johnson, late of Chicago, and still later Parlistar boulder, at their little meeting in Juarez, Mexico, in March, but there are doubters galore.

The Kansas cowboy, the experts are now busy pointing out, has the left, the ability to take punishment, and a medium-sized punch. The chief objection seems to be that he lacks ring experience and that his attitude in the squared circle is entirely too mild.

Willard is not accused of lacking nerve, but many critics complain that he is not an aggressive campaigner. And they figure that the man who takes the title from "Lil Artha" must go after the dusky one from the start and give him a whale of a beating.

Those fight birds who look to Willard to win, believe Johnson has gone back a tremendous pace. Also there are some cautious suggestions from certain quarters that while the title is getting worthless to Johnson because he is barred from the United States, it would prove of immense money-getting value to the Kansas. The boys who wager real money on the scrap are not losing sight of this fact either.

Reports from Juarez say that the Mexican gambling house proprietors, curio shop dealers and gents whose bars have never been known to close, are washing their pink and blue store fronts and preparing for a big business. Incidentally, General Villa's brother, part owner of the biggest gambling dive in the border town, counts on grabbing out of the throng of fight bugs about as much coin as Johnson or Willard.

If Johnson emerges from the Juarez bout safely, he will be confronted by the two "Sams," McVey and Langford, who are waiting for a crack at their colored brother. Johnson is now 37 years old and it looks like a sure bet that the crown will drop from his peak; if not in one of these three prospective battles, at least within a short time.

## KAISER'S RULES OF LIFE

The following is the text of the illuminated profession of faith hanging in the workroom of the German Kaiser:

"To be strong in pain; not to desire what cannot be attained or is worthless; to be satisfied with the day as it comes; to seek the good in all things, and to take pleasure in nature and mankind as they are; to take comfort for a thousand bitter hours, in one that is fair, and to give with full heart and power what you can, even if it brings no thanks. Whoso learns this and can do it so happier, freer, and prouder, and his life will ever be pleasant. Whoever is distrustful wrongs others and harms himself. It is our duty to consider every man good until he proves the contrary to us. The world is so large and we human beings are so small; thus surely all things cannot devolve upon ourselves alone. If something harms or hurts us, who can know if it be not necessary for the benefit of all creation? In everything in the world, whether it be animate or inanimate, there lives the great wise will of the Almighty and omniscient Creator; we little human creatures only lack the understanding to grasp it. As all things are, so must they be in the world, no matter how they are; thus always it seems good in the mind of the Creator."

## ANDERSON AGAINST CLOSING OF DOORS TO EXCLUDE PUBLIC

Sacramento Bee: The timid legislator who is afraid to let the public that placed him in office know how he votes found favor with the Drainage Swamp and Overflowed Lands Committee late yesterday afternoon when that body organized and decided to go into secret session when voting to recommend bills.

Senator Anderson of Orange, Duncan of Butte and Benson of Santa Clara made a valiant fight against the policy of "doing public business in private," but they lost out on the vote, four to three, Senators Chandler of Fresno, Cogswell of Los Angeles, Bush of Suisun and Stuckenbruck of San Joaquin voting for executive sessions.

Came From Assembly  
The executive session idea came as

## COLDS CONSTIPATION HEADACHES

"Keep your Feet warm, Head cool, Bowels open," and take Foley's Honey and Tar Compound.

Sneezing, chilliness, fullness in the head, sore throat, hoarseness, coughing and headache call for the use of FOLEY'S HONEY AND TAR COMPOUND.

Remember that neglect of a common cold only too often develops into pneumonia, pleurisy and even tuberculosis.

The first dose of FOLEY'S HONEY AND TAR helps you, because it spreads a healing soothing coating on the raw mucous lining as it slides down your throat.

Constipation sometimes precedes a cold, and usually accompanies it. FOLEY'S HONEY AND TAR COMPOUND is mildly laxative which makes it greatly the superior of those cough and cold remedies that produce a coactive effect.

MRS. A. N. MOTES, Berzella, Ga., writes: "I took a deep cold and suffered with a terrible headache from the effects of it. I began taking FOLEY'S HONEY AND TAR, and it soon entirely cured me."

Do not accept any substitute for FOLEY'S HONEY AND TAR COMPOUND. It is the best medicine of its kind that you can buy, and any substitute offered can give you the same true results that FOLEY'S HONEY AND TAR COMPOUND will give. Contains no opiates or harmful drugs.

a heritage from the Assembly side of the capitol. The general policy of senate committees has been to meet in the open, but several assembly committees have been in the habit of retiring behind closed doors when voting on bills. Chandler who was in the assembly before he came to the senate, proposed the executive session plan.

"I never have been able to transact my own business in public very well," said Chandler. "What shall we do about executive sessions when passing out bills? I don't think we can do our best work with a bunch of newspapermen around. In the assembly it has been the practice to hold executive sessions."

Rush Agrees  
"In the senate we have gone into executive sessions when passing out bills," said Senator Rush. Senator Stuckenbruck chimed in that he favored such sessions.

"I don't quite see the reason for such action," said Senator Anderson, and then Chandler explained.

For the Timid Man  
"There are some timid men who have difficulty in deciding how to vote with a room full of people," answered the senator from Fresno. "You get better results in executive sessions."

"That reason is not a very good reason," declared Senator Anderson, and Duncan joined him with: "I think I've the meaneast reclamation scrap in the senate. As far as I am concerned I want to do business in the open and I have the backbone to do it."

Opposed to Policy—Benson  
"As a matter of policy, I am opposed to doing public business in private," announced Senator Benson, while Senator Cogswell declared for the executive session.

Rush, taking his cue from Duncan's remarks, grew quite vehement.

Not a Dodger, Says Rush

"I'm just as independent as any man," said he. "I'm not afraid of any man. I don't give a damn who knows how I vote. I never did dodge a vote."

Stuckenbruck also announced that he never had dodged a vote, and the question came to a vote. The Committee decided with Chandler.

A measure by Senator Irvine to provide for the payment of reclamation assessments to County Treasurers was discussed to some extent, but action was deferred until another meeting.

## MONTANA MAN SAYS HE IS STRONG FOR ORANGE

Orange News: James Barnard of Great Falls, Mont., is visiting his friend, H. Shipkey, here. Mr. Barnard has been to the San Diego Exposition, and to other points of interest in Southern California. He declares that he has seen nothing that pleased him so well as Orange.

The arrival of a number of Montana tourists is expected within the next few days. Local Montana people have been informed that a train with 200 people left Butte yesterday for Los Angeles and that another, carrying 200, will leave Great Falls tomorrow.

It has been suggested that a Montana picnic be held at the County Park soon and that these people be invited to Orange to attend the picnic. President Hagen of the Commercial Club is investigating the feasibility of such a plan.

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

## MOTHER'S BIRTHDAY IS OCCASION FOR A PLEASANT SURPRISE

Violets and Smilax Used in Decoration; Christmas Club Entertains

(By Staff Correspondent)

ORANGE, Jan. 23.—Mrs. W. W. Perry of East Collins avenue was hostess at a dinner party yesterday in honor of her mother, Mrs. S. R. Smith. The affair was arranged as a surprise, the occasion being Mrs. Smith's seventy-second birthday.

Pretty decorations of violets and smilax added much to the charm of the event. The dinner was followed by a pleasant afternoon of social pastimes.

At the table covers were laid for twelve as follows: Mr. and Mrs. S. R. Smith, Mr. and Mrs. I. D. Mills, Mrs. Aurel Beach, Dr. Caroline Paine, Mrs. Mary Paine, Mrs. S. G. Unland, Mrs. Leo F. Douglass and Mr. and Mrs. W. W. Perry and son, Maurice.

The Christmas Club was entertained yesterday afternoon at the home of Mrs. A. L. Hitchcock on South Olive street.

A delightful afternoon was occupied with fancy work and refreshments were served, consisting of sandwiches, fruit salad, cake and coffee.

Mrs. L. R. Orr of Los Angeles, Mrs. J. S. Braisher, Mrs. Frank Pister, Mrs. E. L. Hitchcock and Mrs. Mary Mosier were guests of the club. The following members were present: Mrs. Emma Buszek, Mrs. D. C. Drake, Mrs. B. Hayton, Mrs. W. A. Holt, Miss Flora Yeoman, Mrs. W. M. Marsh, Mrs. J. L. McCampbell, Mrs. D. C. Pixley, Mrs. W. S. Gregg and Mrs. A. L. Hitchcock.

The Friday Afternoon Club met last evening with Mrs. Ira Stolp on West Laveta avenue, the members entertaining their husbands.

Beginning with a delicious 6 o'clock oyster supper, they enjoyed a pleasant social evening. Pink roses and fern were used in an attractive decorative scheme.

Those present were: Mr. and Mrs. M. E. Livingston, Mr. and Mrs. E. W. Pohlmann and son, Mrs. M. J. Clark, Mrs. L. A. Stolp, Mrs. A. E. Cummings, Arthur Boyd, Mr. and Mrs. Ira Stolp and son, Robert.

The Eighth grade of the Intermediate school had a class party last evening at the home of Miss Adeline Winslow in Nutwood place.

Games and music filled a very pleasant evening and a wienie bake was another interesting feature.

Those present were: Misses Nellie Carrier, Opal Kurtz, Marie Woodward, Mildred Kirk, Kathryn Dyer, Viva Cope, and Winslow; Romaine Camfield, Leo Allison, Lloyd Eckles, Roy Handy, Harold Purviance, Eugene Wing and George Rogers.

The girls of the Ever Ready class of the Presbyterian Sunday school entertained their mothers and fathers at a banquet last evening at the church. All enjoyed a very delightful evening. Decorations for the affair were in a color scheme of pink and green. At the tables were pink hand-painted place cards. A delicious two-course banquet was served.

Later came an interesting program featured by a talk from Mrs. Thomas of Los Angeles, a returned missionary from China. Mrs. R. W. Jones of El Modena also made a few remarks. There was a recitation by Miss Mary Granger and a vocal duet by Miss Mary Mellor and Miss Nellie Pister. Those present were Mr. and Mrs. F. H. Mellor, Mr. and Mrs. Price, Mr. and Mrs. D. P. Crawford, Mr. and Mrs. C. A. Clough, Mrs. Thomas, Mrs. R. W. Jones, Mrs. T. M. Flippin, Mrs. Frances Granger, Mrs. W. H. Peterkin, Misses Florence Flippin, Mildred Granger, Miss Granger, Nellie Pister, Mabel Peterkin, Flossie Baker, Fae Mellor, Ruth Parker, Helen Parker, Hazel Crawford, Hazel Price, Lena Clough and Marion Jones.

W. G. Damon of Bakersfield is transacting business in this vicinity for several days.

The H. Hinrichs family has received an invitation from Mr. and Mrs. Herman Delventhal at Brighton, Colo., to attend the wedding of their daughter, Anna, to Ralph Letherly, of that city. The wedding is set for February 3. The Delventhals were residents of Orange about five years ago.

Among today's visitors in Los Angeles were: Miss Hattie Nobs, Miss Della Chandler, Miss Carrie Chandler, C. E. Houston, C. F. Newton, Dick L. E. Ralph Woods, R. W. Miller and Fred Volberding.

Mr. and Mrs. Corey Pettigill and Mr. and Mrs. W. F. Bowen motored to Laguna Beach to spend today.

Manager Warner of the Warner Photoplay Theater in Pasadena spent the last day or two with Manager Hudson of the Colonial Theater, here.

Mrs. Gena Everett of Los Angeles is spending a few days with her sister, Mrs. G. W. Gates, on North Center street.

Dr. and Mrs. Carey Billingsley of Los Angeles will be here to spend Sunday with the J. W. Morrison family.

Miss Grace Downing arrived home Thursday after a four-months' visit with her sister at Spences Bridge, Canada. On the return trip she also visited friends in Portland and Eugene, Ore.

Evan Davis and Miss Effie Davis spent a couple of days at Ventura the first of the week.

Frank Youngs, who has been visiting his sons, C. C. and C. H. Youngs, has returned to his home in Alhambra. Mrs. Irene Gnette of Los Angeles is a guest at the James Meehan home on Handy street.

Mr. and Mrs. William Morton Rasmus who recently scored a success here as readers in "The Sign of the Cross," repeated that success last evening in their interpretation of Marie Corelli's "Barabbas." The entertainment was heard by a large crowd at the M. E. church where Mr. and Mrs.

Rasmus appeared under the auspices of the Epworth League.

Mr. and Mrs. John King and daughter, Eileen and Mr. and Mrs. C. C. Youngs spent Thursday at Huntington Beach.

## "PARABLE OF THE SHEEP AND GOATS"

The following is a synopsis of a discourse delivered Jan. 24 at 3 p. m. in the Armory by J. W. Adams, a representative of the International Bible Students. Subject: "Parable of the Sheep and Goats," Mt. 25:31-46. The speaker said in part:

"My former understanding was that this event of separating the sheep class from the goat class would take place at the end of this gospel age when our Lord would come and judge the entire human race, probably in a twenty-four hour day, taking the sheep class to heaven and sending the goat class to a hell of eternal torment."

He then said he was glad to be living now when clearer light was being shed upon God's word.

Giving an account, at some length, of God's dealings with the Jewish nation, he showed that to them alone God gave the Old Testament, entered into covenant relation with them and at the end of their age of special favor called them to account for their stewardship.

John the Baptist calls that reckoning with them a harvest, by comparing them to wheat and chaff. The wheat class were to be gathered into his garner—the church which he began to build, and the chaff was to be burned with unquenchable fire. This fire was symbolic, and not literal, representing the great trouble which was coming upon the Jews to which Paul referred in 1 Thes. 2, 16, and which trouble reached a culmination in A. D. 70, when Jerusalem was destroyed.

This gospel age is for the call and selection of the church or bride of Christ. A harvest period is to come at the end of this age in which the professing Christians only are to be dealt with, when they are compared to wheat and tares. The wheat are to be gathered into the heavenly kingdom, while the tares, or imitation saints, are to go into the great time of trouble foretold likened unto a furnace of fire. Mt. 13:42.

Then the Son of man, Mt. 25:31, and his glorified bride from the spiritual or heavenly plane will begin the judgment of the world. Mt. 25:32.

See 2 Tim. 4:1; Mt. 19, 28; 1 Cor. 6, 2. This judgment will last one thousand years. Rev. 20, 6. During this period Satan will be restrained, Rev. 20, 13. The dead will be resurrected, accurate knowledge of God's requirements will be given. Then all who learn true obedience go to the right hand of favor and get everlasting life, while the rebellious go into everlasting death or destruction. 2 Thes. 1, 9; Rev. 20: 13, 14.

## MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay out of the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by a poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well—Advertisement.

On this continent Almonds are only grown in California and the U. S. market alone demands four times the present supply. Plant almonds at Templeton or Paso Robles and make money—it's a cinch.

## PLANT PEARS

For profit! California Bartlett Pears are in a class by themselves and monopolize the market. Did you know that? Templeton-Paso Robles district produces the fancy grade of Bartlett, Winter Nellis and Du Comice.

## PLANT CHERRIES

They are the most attractive and the best fruit of the summer season, and are very profitable. Soil and climate near Templeton produce a fine quality. Trees forty years old in family orchards are the indisputable evidence.

## PLANT PRUNES

The Prune industry of California ranks first in the world, over one-half of the world's product being grown in California, and the dried product now finds a ready market in all countries. Prunes grown near Templeton are rich in sugar, fine of flavor, good size, and lose less weight in drying because grown without irrigation.

## ANOTHER ROAD BONDING MAY BE TALKED

Rumored That Proposals to Start \$500,000 Campaign Likely to Be Sprung

### TAXPAYERS' LEAGUE ASKS ASPHALT COVER

Garden Grove is Going to Hold Meeting to Make a Fight for Paving There

It is going the rounds that at the meeting of the Associated Chambers of Commerce at Yorba Linda next Friday night, a proposal will be sprung to back a movement for issuing \$500,000 more good roads bonds in this county, which has already voted an issue of \$1,270,000.

Just who is going to spring the proposition has not been learned, but it is intimated that it will come from the coast boulevard boosters if they are convinced that there is no chance of getting a large share of the \$240,000 surplus up on the boulevard instead of upon interior roads.

The campaign for the boulevard has been spreading over the county, with what success remains to be seen. That the coast people are going to be on hand with strong delegations is asserted.

The disposal of the surplus will eventually rest with the Board of Supervisors. The County Highway Commission was in session this morning, but did not reach a vote as to the recommendations that will be made to the supervisors.

"I think we will not finally formulate and adopt our report until after the meeting at Yorba Linda Friday night," said D. C. Pixley of Orange, chairman of the commission, "though I think we have in mind what our report will be."

This morning S. J. Jackman and A. C. Tiege of Santa Ana and L. E. Smith of West Orange as a committee of the Taxpayers' League of Orange County were before the commission and were given a hearing. The committee declared it to be its opinion that the contemplated in the law, which states that the roads must be of a permanent character and not flimsy. The committee declared that the surfacing as applied needs constant repair, and is therefore not of the kind the law designates. The committee urged that the \$240,000 left-over sum be used to make the roads already built permanent. The idea is to put on an asphalt or some other surface that will last.

This same committee will go before the Board of Supervisors and make its representation there.

Over at Garden Grove a meeting is scheduled for tonight. The talk there is that unless Garden Grove gets busy there will be none of the good roads money spent in that part of the county. They say that with many of the leaders in the western part of the county devoting their whole attention to the coast boulevard and declining to discuss distribution elsewhere in the county, the third, fourth and fifth supervisorial districts will be designated for the roads. The Garden Grove people want the three miles of road between Garden Grove and the County Hospital paved, and also they want the road running west from Garden Grove paved.

The meeting at Yorba Linda will

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing, no more headache, dizziness or straggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight. Advertisment.

probably be the biggest the Associated Chambers of Commerce has held in months. It has been urged that arrangements be made to handle the speakers in such a way that a few men will not monopolize all the time that will be devoted to discussion. A five-minute limit to speeches has been proposed.

It was stated here today that A. A. Mills of Anaheim expects to be on hand with a resolution along the same line of the stand taken by the Taxpayers' League.

### Orange Organizes

There is going to be a strong representation at Yorba Linda of boosters for the football boulevard, from Tustin through Lemon Heights, El Modena and Villa Park to Olive. The Orange Commercial Club has called a meeting at its club rooms for Wednesday night. It will invite delegations in from the places along the proposed boulevard, and will make arrangements for a representation to continue the fight for the football road.

### AT THE COURTHOUSE

## FIRST JUDGMENT OF KIND EVER ENTERED IN COUNTY COURTS

Father of Illegitimate Child is Ordered to Pay \$4220 Cost of its Rearing

This morning Judge Thomas signed a judgment in a novel action, the first of its kind ever brought in this county. The action was one under the new state law that allows judgment to be entered against the father of an illegitimate child in order to secure money with which to bring up the child, the theory being that it is not right that the burden of caring for the child should rest entirely upon the mother.

Tillie Lawrence, a domestic, is the plaintiff and Edward J. Richards, a baker, is the defendant. The child was born in July, 1910. It was estimated, and judgment so declared, that it would take \$4220 to raise the child, educate it and give it a proper start in life. The court orders that Richards pay \$20 a month to the mother for the child's support until the child is 8 years of age, and thereafter he is to pay \$25 a month.

Clyde Bishop is attorney for the woman.

### For Foreclosure

Laura B. Kesh is plaintiff in an action to foreclose a \$350 mortgage against H. A. Milligan. Melrose & Ames are attorneys for the plaintiff.

### Judgment Entered

Through the failure of the defendant to appear, judgment by default has been entered in favor of Harry I. Brant against S. D. Heading for \$609.55.

### Marriage License

Henry L. Williams, 20, of Buena Park, and Esther L. Bustin, 18, of Moody Station.

### Answer Filed

C. E. Ruddock, through Attorneys Head & Marks, has filed an answer to the action brought by Estevan Scenique against C. E. Ruddock, who when sheriff attached a Mercer automobile.

The machine was attached under instructions of Head and Marks, attorneys for A. N. Stanley, who was suing Oxarart Bros. of Fullerton for \$500. The attorneys stated that the machine belonged to Oxarart Bros., and one of the brothers was in possession of it when the attachment was levied.

## GEORGE WILLIAMS OF NEWHOPE IS ACCUSED OF STEALING WATCH

Through information given by Sheriff Jackson, City Marshall Kellenberger of Anaheim today arrested George Williams of Newhope. A short time ago T. Honda, a Jap who works for I. M. Von Schiltz, reported to the sheriff that someone had stolen a \$125 watch from him. The sheriff telephoned to Anaheim, and Kellenberger watched Williams, who was seen trying to sell the watch. It is reported that Williams said he bought the watch from a Mexican.

Beginning at about 7 o'clock yesterday morning and continuing throughout the day and greater part of the night a gentle, soaking rain fell here yesterday.

S. Hill & Son's gauge on East Fourth street measured .58 of an inch for the storm and .98 inches for the season, while that of Justin Copeland on North Sycamore measured .59 of an inch for the storm and .94 for the season.

Everywhere there are signs that Orange county is going to have one of the most glowing green spring seasons. Everyone is envying the ranchers their wonderful prospects.

In the hills a verdant carpet is already beginning to cover the purple of winter.

The country round about El Modena is beginning to look like a fairy garden. "The large acreage of oranges and lemons presents a wonderfully fresh appearance," said M. S. Davis, a resident of the charming foothill section. "The vegetation seems superior to that in any other section in the county, we think. Everything is looking prosperous."

## OUR REPRESENTATIVE AT SAN DIEGO WRITES OF ORANGE CO. DAY

Santa Diego, Cal., Jan. 24, 1915.

Santa Ana Register:—Allow me to commend you for the publicity being given to "Orange County Day," February 4th at the San Diego Exposition. This is planned to be one of the real big days at the Exposition and should be well attended. We expect to see many people from Orange county during the twenty-four hours that the Southern California building will be their headquarters.

The management informs me that noon luncheon will be served in the patio of the building and will be free to all Orange county citizens.

No district, outside of Southern California, could furnish so beautiful a setting for an exposition of this character. The grounds are one vast array of plant life; the buildings are models of architecture; and every visitor, especially the easterner, is charmed with its grandeur. This, alone, is worth the cost of the trip, even if one does not appreciate the splendid exhibits throughout the buildings.

Respectfully,  
 JOSEPH P. SMITH,  
 Orange County Representative, Panama-California Exposition.

### Chocolate Kisses

Gradually add two cupfuls of pulverized sugar to the beaten whites of four eggs and continue beating. Fold in two cupfuls of great crumbs, four ounces of unsweetened chocolate, grated, two teaspoonfuls of cinnamon, and two teaspoonfuls of vanilla. Spoonful two inches apart upon a greased pan and bake in a moderate oven.—Good Housekeeping Magazine.

An Arkansas resident drove a skittish mule, which became frightened at an automobile, ran off and did damage for which the mule owner sued the automobile owner. The court refused damages on the ground that the mule was skittish and the owner knew it. The Supreme Court reversed the lower court, saying that any kind of an animal, when accompanied by a driver, is entitled to the use of public highways in Arkansas.

## AVOCADO TREE BEARS \$1000 IN FRUIT

Nearly seven years ago Carey R. Smith of North Main street planted an avocado tree in the center of an abandoned croquet ground. For the three past years the family has had an abundance of ripe fruit every day from the month of October, November, December and January. The fruit produced by this tree, if sold at wholesale market price, would have brought over \$500.

Mr. Smith has no tree, fruit or buds for sale, but would advise every man in Santa Ana who has room for one tree to plant an avocado, provided he secures the right variety. There are avocados and avocados. While Mr. Smith's tree is a beautiful ornamental tree, well worth \$1000, there are many avocado trees that only lumber the ground.

"You had better pay any price for the variety of tree adapted to your wants," said Mr. Smith. "Than accept the wrong variety as a gift. Do not conclude that because a peddler asks you \$5 or \$10 for a tree it is what you want."

### Rich Little Tea Cakes

Cream three-quarters of a cupful of butter and one cupful of sifted granulated sugar; add the grated rind of one lemon. Then add five well beaten eggs alternately with two cupfuls of flour mixed and sifted with one teaspoonful of baking powder and one-quarter of a teaspoonful of salt. Beat well and after the flour is all in add one teaspoonful of vanilla. Turn into a pastry bag and half fill small patty tins, which have been greased with well washed butter. Bake fifteen minutes in a slow oven.—Good Housekeeping Magazine.
